PROFESSIONAL SUMMARY

Senior Data Engineer and Solution Architect with 15+ years of experience architecting and leading data platforms and ML data pipelines for global financial institutions (Barclays, Citi). Proven record of modernizing legacy workloads to PySpark and Databricks, designing reusable ingestion and data quality frameworks, and leading engineering teams to deliver measurable gains in performance, cost and data quality. Master's in Computer Applications; AWS and Databricks certified. Targeting Lead/Principal Data Engineer and Data Architect roles.

CORE SKILLS

Languages: Python, PySpark, SQL, PL/SQL, Shell Scripting

Data & Cloud Platforms: Databricks, DBT, AWS, Azure, Starburst, Kubernetes

Orchestration & Tooling: Apache Airflow, Ab Initio, Jenkins CI/CD, JIRA, Confluence

Data Engineering: Data Pipelines, ETL/ELT, Data Ingestion Frameworks, Data Quality, Performance Tuning, Automation

Architecture & AI: Cloud Architecture, Framework Design, ML Data Pipelines, Generative AI, Machine Learning

Leadership: Team Management, Code & Design Review, Stakeholder Presentations

PROFESSIONAL EXPERIENCE

Assistant Vice President Feb 2023 – Present

Barclays | Pune, Maharashtra

- Led migration of a legacy SAS application to PySpark, reducing job runtime from 10+ hours to 2 hours (80% performance improvement).
- Led a team of data engineers to design end-to-end data pipelines for ML models that detect and prevent credit card fraud.
- Analyzed and remediated data quality gaps in the data curation process, improving performance by 60% and enabling better ML model scores.

  Technologies: Python, PySpark, Databricks, AWS, SQL

Senior Developer Aug 2021 – Feb 2023

Barclays | Pune, Maharashtra

- Optimized the pipeline workflow of existing ML models, reducing execution time by 40%.
- Developed a PySpark automation framework that improved execution and resource usage by 70% and raised data quality to 90%.

  Technologies: Python, PySpark, SQL

Manager Jan 2019 – Oct 2021

Citi | Pune, Maharashtra

- Designed and built a reusable data ingestion framework that pulls data from multiple sources, applies sanity checks and transformations, and loads a staging layer for downstream analytics, cutting resource and infrastructure cost by 20%.
- Reduced turnaround time to ingest data into the staging and serving layers by 80%.

Assistant Manager Apr 2016 – Dec 2018

Citi | Pune, Maharashtra

- Led re-design and optimization of the ETL framework (files and Oracle DB tables to data warehouse), reducing batch failures by 50%.
- Automated testing of Ab Initio graphs with shell scripts in a Jenkins CI/CD pipeline, reducing infrastructure and storage costs by 40%.

  Technologies: Ab Initio, Oracle, Shell Scripting, Jenkins

Associate – Projects Oct 2014 – Apr 2016

Cognizant | Pune, Maharashtra

- Developed Ab Initio ETL workflows and supported delivery through production deployment and L3 support, reducing total batch execution time by 30%.

Senior Systems Engineer Jul 2011 – Oct 2014

Infosys | Pune, Maharashtra

- Developed Ab Initio ETL workflows and provided L3 support for batches loading Oracle DB for business reporting.
- Automated job and batch failure notifications, improving the manual process by 70%.

CERTIFICATIONS

- AWS Certified AI Practitioner – Amazon Web Services
- AWS Certified Solutions Architect – Associate – Amazon Web Services
- Databricks Certified Data Engineer Associate – Databricks
- Databricks Certified Associate Developer for Apache Spark 3.0 – Databricks
- Databricks Lakehouse Fundamentals – Databricks

AWARDS & RECOGNITION

- Awarded for designing, optimizing and benchmarking a generic framework to automate data curation and data quality reporting, reducing manual effort by 90%.
- Awarded for designing a generic data ingestion framework, reducing operational cost by 60% and data storage cost by 30% across projects.

EDUCATION

Master of Computer Applications (MCA), Computer Science Jun 2008 – Jul 2011

Birla Institute of Technology, Mesra, Ranchi | GPA: 8.14

Bachelor of Computer Applications (BCA), Computer Science Jun 2005 – Jul 2008

Birla Institute of Technology, Mesra, Ranchi | GPA: 7.17

LANGUAGES

Hindi (Native), English (Fluent)

HOBBIES

Playing Flute, Reading Books, Music and Learning latest Tech
